

April 5, 2018

Dear Tremco Customer

Subject: Price Increase - Select Products

Due to continued inflationary pressure with key raw materials of our finished goods we will be implementing a 4.0% price increase on all Tremco products, excluding Extruded Rubber Products, effective June 1, 2018.

Orders placed prior to June 1, 2018 and shipped within the standard lead time will be invoiced at the old price.

As in the past, please refer to the attached security code letter and proceed to the secured web site to make your selection for the manner in which you receive your price pages. Your price pages will be sent to you based upon your selection as soon as they are published. By selecting either a .pdf version or a spread sheet version you will receive your price pages much more quickly. Any printed materials will delay receipt. You will need to make your web site selection no later than **May 7, 2018**.

Price lists, are in the process of being updated, and will be forwarded as soon as possible. Should you have any questions, please feel free to contact your local sales representative or our pricing specialist Liz White ewhite@tremco.ca.

We remain committed to providing you with the high level of quality service you are accustomed to receiving from Tremco. We value and appreciate your business and thank you for your continued support.

Best regards,

Dennis Convery
Vice President, Sales
